### **DETAILED ACTION**

1. This office action is responsive to the amendment received on 01/20/04. Claims 1-24 are allowed.

#### ***Allowable Subject Matter***

2. Claims 1-24 are allowed.

The following is an examiner's statement of reasons for allowance :

The prior art of record teaches specifying a set of path expansions from a first topological item to a second topological item, wherein the second topological item is on a first layer of the layout; for a potential via expansion from the second topological item to a third topological item on a second layer of the layout, identifying a first region on the first layer for the second topological item; identifying a second region on the second layer for the third topological item . But it fails to teach the combination of those features and determining whether an intersection of the first and second regions is larger than a threshold area and if the intersection is larger than the threshold area, adding the potential via expansion to the specified set of path expansions..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
